

Kenya Evangelical Mission
Fall Newsletter 2018
Lois Osborne, Missionary

Dear Family and Friends-

Much love and many greetings from Lois and workmates. It is time for the rains here and the gardens and fields are tilled and being planted. We do ask for you to pray that we get enough rain for the people to have food.

September 29th marked the second anniversary of Hoyt's home going and, as you can imagine, he is dearly missed! In those two years, God has led KEM to two other areas of Kenya (now five) and has blessed us with several more churches (now 30). The Bible college has expanded to a fourth area of Kenya, and although small, men and women are being trained to know the Bible and serve God!

When we were in America, you might remember us talking about a Bible Belt across Africa. Two months ago we met with a pastor from Uganda when at Bungoma, who asked us to come there and open churches. He had already started two fellowships. When the guys went there to meet the people, they found a whole district without churches and four groups asking for a church. Pray for wisdom as we seek to know God's will about this decision.

Although we have been basically financially stable the last few years, we need more funds for expansion. In Transmara where we opened the last church, people up on the mountain are already asking us to bring the gospel to them.

Therefore, Lois, Shad, and Fitz will return to the US in January for about four months to look for more supporting churches and individuals. Pray for guidance for us. If you know people or churches that might be interested, please let us know.

Please pray also for a good used car for Lois. During the last trip to the mechanic she was advised she needed to get rid of her old car. Someone came along who wanted it and it went fast. The guys see that she gets around, but she needs funds to have her own car!

Please pray for Lois's eyes to heal after she has had cataract surgery on both eyes, and for health and strength. The ministry is really expanding. The Bible says "Work for the night is coming!"

We are so thankful for your support and prayers!

Love, Lois, Shad, Fitz and Board

Note from Sue- If you have a change of address (either USPS or email) or wish to have your name removed from the mailing list, please send Sue a note at: suegravino@gmail.com. Thanks so much!
