

Ecclesiastes 7:1-6 – The Goodness of Grief

October 13, 2019 – Pastor Nick Neves

Ecclesiastes 7:1-6 is a series of evaluations in light of what we have learned so far. The Preacher compares some of the variables of life and declares some things to be better than others.

TAKE NOTE: On the surface, most of these evaluations seem like _____ to the heart of man! What Solomon declares to be BETTER flies in the face of human convention.

A person who attempts to live their life apart from the authority and influence of God GENERALLY says 'whichever option makes you _____' should be seen as the *better* option. What are some potential problems with that approach?

Verse 1a – **A good _____ IS BETTER THAN precious ointment**

Verse 1b – **The day of _____ IS BETTER THAN the day of birth**

Verse 2 – _____ **IS BETTER THAN feasting.**

Verse 3 – _____ **IS BETTER THAN laughter**

Verse 5 – **Wise _____ IS BETTER THAN The song of fools**
